

# Gun Floater Insurance

The Amateur Trapshooting Association of America Gun Insurance program is designed specifically for the risks our members incur. It is administered by our long time insurance advisors, Sportsman's Insurance Agency, and is underwritten by T.H.E. Insurance Company, an A.M. Best "A- VII" rated company.

- Policy Features:**
- World-Wide, All-Risk Coverage
  - No Waiting Period
  - No Deductible
  - Below Market Rates
  - Full Replacement Value (for items still being made)

**Coverage:** This is specific insurance – each item you want to insure must be listed and have an insurable value placed on it. Coverage is available for firearms, scopes, cases, binoculars, holsters, extra stocks and barrels, chokes and tubes, and any custom work done to your firearms. Coverage can begin as early as the day after you mail or fax your application, if it is complete.

**Determining Values:** For firearms still being manufactured, the insurable value is the manufacturer's suggested retail price (MSRP.) For items no longer being made, you can use your own value provided that it does not exceed the 95% condition value in the Blue Book of Gun Values. Custom work, engraving, and modifications can be insured at their cost to you or at market. You can call Sportsman's for help in determining values.

**To Apply:** To obtain coverage, simply complete the application and fax or mail it. Or, you can apply on line. Use the checklist below to make sure that your application is complete:

- Provide your membership number
- Provide a daytime telephone number in case we have any questions
- Answer questions 1 – 5
- Sign the application and enclose your check or credit card information
- Complete the schedule, including make, model, sub-model, serial numbers, grade, custom work, etc.
- List any accessories, optics, and custom work that you want to insure

**Your Policy:** Normally, your certificate of insurance is issued within three business days. Delays occur when you do not submit complete information. Note that values will be amended to reflect the current MSRP, if appropriate. You will be billed any additional premium or refunded any return premium.

**Claims:** Sportsman's will help you submit any claims. In most cases, claims are resolved within 30 days. The policy requires that, if possible and economically feasible, the item be repaired. Otherwise, a new replacement item will be provided or, if the item is no longer available, you will receive a check.
