

Gun Floater Insurance

The Amateur Trapshooting Association of America has arranged custom gun floater insurance designed expressly for their valued members through T.H.E. Insurance Company, an "A.M. Best" A- Rated Company.

Check these features:

- World-Wide, All-Risk Coverage
- No Waiting Period (you must apply at least 48 hours before traveling with your guns)
- No Deductible
- Below Market Rates
- Full Replacement Value (for items still being made)

Your guns and equipment are covered against loss including theft or damage world-wide. Actual replacement value coverage is available for guns, scopes, cases, holsters, extra stocks, barrels and binoculars used with your firearm. (See Determining Gun Values below). A full description of items to be insured, including serial numbers, is necessary.

Immediate, Primary Coverage - No Deductible, No Waiting Period - Annual Policy

Putting coverage in place is as easy as completing the application in its entirety and mailing it to us with your check or credit card information, or faxing it to us with a credit card authorization. Or, you can apply over the internet. The effective date of your policy is the day after postmark or the day after we receive your fax. We will also be happy to use any later date that you specify.

This is a great value featuring a low price and full coverage. The annual cost is only \$1.25 per \$100 of insured gun and accessory value. This is specific insurance - each item you want to insure must be listed. Our minimum premium is \$25 per year. So, even if your total value is under \$2,000, your premium will still be \$25.00.

Determining Gun Values

Our program rates are based on the manufacturer's retail list price for guns still being manufactured and a value not to exceed the 95% condition value in the Blue Book of Gun Values for guns no longer being made. Custom work and accessories can be insured in addition to the gun. To determine manufacturer's retail list price or to see if recent bills of sale or appraisals are needed, please contact us at 1-800-925-7767.

Claims

To report a claim, simply call our 800 number and our claims administrator will take the necessary information to begin the claim process. Our policy is to make repairs if possible and economically feasible. If repairs cannot be made, we will provide a new replacement item if it is still being manufactured or pay you the insured value for items no longer available.

CHECK LIST

Our goal is to issue your policy within 72 hours after receiving your completed application. Delays occur when we do not have all of the information on the gun or other item to be insured such as make, model, submodel, serial number, etc.

Note: Values on guns still manufactured will be amended to reflect Manufacturer's Retail List Price. We will use the value you provide on guns no longer being manufactured as long as the value does not exceed the 95% condition value in the Blue Book of Gun Values. You will be invoiced for any additional premium or refunded any return premium.
