Gun Floater Insurance

Safari Club International has designed their Gun Insurance program specifically for the risks our members incur. It is administered by our long time insurance advisors, Sportsman's Insurance Agency, and is underwritten by T.H.E. Insurance Company, an A.M. Best "A-" rated company.

Policy Features:

- World-Wide, All-Risk Coverage
- Primary Insurance
- No Deductible
- Below Market Rates - Only \$1.25 per \$100 of Insured Value
- Full Replacement Value (for items still being made)

Coverage: This is an annual policy and is specific insurance - each item you want to insure must be listed and have an insurable value placed on it. Coverage is available for firearms, scopes, cases, binoculars, holsters, extra stocks and barrels, chokes and tubes, and any custom work done to your firearms. Coverage can begin as early as the day after you apply online or mail, email or fax your completed application.

Determining Values: For firearms still being manufactured, the insurable value is the manufacturer's suggested retail price (MSRP.) For items no longer being made, you can use your own value provided that it does not exceed the 95% condition value in the Blue Book of Gun Values. Custom work, engraving, and modifications can be insured at their cost to you or at market. You can call Sportsman's for help in determining values.

To Apply: To obtain coverage, simply complete the application and fax, email or mail it. You also can apply on-line. Use the checklist below to make sure that your application is complete:

- Provide your membership number
- Provide a daytime telephone number in case we have any questions
- Answer questions 1-5
- Sign the application and enclose your check or credit card information
- Complete the schedule, including make, model/sub-model/grade, serial numbers, custom work, etc.

Your Policy: Normally, your Certificate of Coverage is issued within three business days. Delays occur when you do not submit complete information. Note that values will be amended to reflect the current MSRP, if appropriate. You will be billed any additional premium or refunded any return premium.

Claims: Sportsman's will help you submit any claims. In most cases, claims are resolved within 30 days. The policy requires that, if possible and economically feasible, the item be repaired. Otherwise, a new replacement item will be provided or, if the item is no longer available, you will receive a check.
